About us

Qualification specification for Level 1 Award in Science

AIM Qualifications and Assessment Group is a leading Awarding Organisation supplying hundreds of centres with high-quality regulated vocational and technical qualifications. We also offer non-accredited provision and apprenticeship end-point assessments.

AIM qualifications cover a range of academic levels from Entry Level to Level 6 across a wide range of subject areas. All our UK Level 3 qualifications carry UCAS tariff points which can count towards university entry requirements.

About this qualification specification

This specification is intended for tutors, internal quality assurers, centre managers and other staff within AIM recognised centres and/or prospective centres. It provides information about the structure and delivery of the qualification. The specification should be read in conjunction with the AIM Centre Handbook and other policy documents available on the website.

Offering this qualification

In order to offer this qualification, you must be an AIM recognised centre and be approved to deliver this qualification. If your centre is not yet recognised, please contact our business development team to discuss becoming an AIM recognised centre. They can advise you on the best qualifications for your organisation.

You can arrange a meeting by emailing businessdevelopment@aimgroup.org.uk or calling [0333 034 8833](tel:03330348833).
More information can be found on: www.aim-group.org.uk/newcentre

| **Section 1 – Qualification overview**

Purpose of this qualification

This Level 1 Award in Science has been designed to engender an interest in science and encourage a spirit of enquiry. This qualification is a generalist qualification, covering physical and life sciences, and applications of science in, for example, forensics and architecture. Centres can choose from a variety of units, as appropriate to the needs of learners. This qualification can be used flexibly to meet learner needs.

Depending on the context of the learning and the needs of each individual learner, the qualification can:

- prepare individuals to progress to a qualification in the same subject area but at a higher level or requiring more specific knowledge, skills and understanding;
- prepare learners for employment;
- support a role in the workplace;
- encourage engagement in learning.

This qualification has been designed to enable learners to:

- develop an interest in scientific enquiry;
- develop the skills and knowledge needed to progress to higher level study in science.

Qualification details

AIM Qualifications Level 1 Award in Science	
Qualification	Foundation
Assessment	Portfolio of evidence
Grading	Pass/fail
Geographical coverage	England
Operational start date	01/09/2013
Review date	31/05/2027
Sector	2.1 Science
Qualification number	601/0739/X
Guided Learning Hours (GLH)	60
Total Qualification Time (TQT)	60
Minimum learner age	Pre 16, 16+
Rules of combination	Learners must achieve 6 credits to achieve this qualification.

Regulated Qualification Framework (RQF)

The Regulated Qualifications Framework (RQF) provides a single, simple system for cataloguing all qualifications regulated by Ofqual. Qualifications are indexed by their level and size. Levels indicate the difficulty and complexity of the knowledge and skills associated with any qualification. There are eight levels supported by three “entry levels”. Size refers to the estimated total amount of time it could typically take to study and be assessed for a qualification. Size is expressed in term of Total Qualification Time (TQT). The part of the TQT spent being taught or supervised is known as Guided Learning Hours (GLH).

Total Qualification Time (TQT) and Guided Learning Hours (GLH)

Total Qualification Time (TQT) is the number of notional hours it takes a typical learner to achieve the full qualification and is **made up of two elements**:

- the minimum number of Qualification Guided Learning Hours (GLH) - the number of Tutor led contact hours
- the number of hours spent on preparation, studying and the assessment that is non-guided

For example, the number of tutor-led contact hours (GLH) for a qualification is 30 and the number of hours spent by the learner (non-GLH) on preparation, studying and the assessment is 6 hours. Therefore, the Total Qualification Time (TQT) for the qualification is 36 hours.

Progression opportunities

Learners will be equipped with the knowledge and skills required to progress to higher level qualifications in science.

Entry requirements

There are no entry requirements.

Requirements to deliver this Qualification

Each centre should identify a centre contact who will be responsible for:

- ensuring that the centre meets all the AIM Qualifications requirements for centre recognition and adheres to all policies and procedures.
- AIM Qualifications provision within the centre
- ensuring all procedures relating to the delivery of the qualification operate effectively in the centre
- ensuring all relevant AIM Qualifications documentation is distributed as required within the centre and that the security requirements for external assessment are adhered to, where applicable.

Section 2 – Qualification structure

Qualification structure and components

This section details the rules of combinations for the qualifications. Select the component titles to view the component details.

Rules of combination for:		Level 1 Award in Science		
Learners must achieve 6 credits to achieve this qualification.				
Component code	Component title	Level	Credit	GLH
Mandatory				
K/505/4590	Basic Science Skills	1	3	30
M/505/4591	Discovering the Prehistoric World	1	3	27
T/505/4592	Ecosystems	1	3	27
A/505/4593	Electricity	1	3	27
J/505/4595	Energy Use	1	3	27
R/505/4597	Forensic Science	1	3	27
Y/505/4598	Health and Safety in a Science Laboratory	1	3	30
Y/505/4603	Introduction to Animal Care	1	3	30
T/505/4608	Investigating Architecture	1	3	28
A/505/4609	Science and Cosmetics	1	3	28
M/505/4610	Science and Food	1	3	27
T/505/4611	Science and Our Universe	1	3	27
A/505/4612	Science and the Human Body	1	3	27
F/505/4613	Science and the Plant World	1	3	27
Y/505/4617	Science in Fire Fighting	1	3	28
D/505/4618	Speed and Motion	1	3	28
Y/505/4620	The Science of Light and Sound	1	3	27
H/505/4622	Variation and Adaptation in the Environment	1	3	27

Level descriptors

Components are assigned a level based in the current requirements for the RQF as issued by OFQUAL.

Level	Knowledge descriptor	Skills descriptor
Level 1	<p>Has basic factual knowledge of a subject and/or knowledge of facts, procedures and ideas to complete well-defined routine tasks and address simple problems; and</p> <p>Is aware of aspects of information relevant to the area of study or work.</p>	<p>Use basic cognitive and practical skills to complete well-defined routine tasks. Select and use relevant information.</p> <p>Identify whether actions have been effective.</p>

| **Section 3 – Assessment**

How this qualification is assessed

Guidance on our expectations is available in the [AIM Qualifications: Assessment Handbook](#).

Reasonable adjustment and special considerations

Reasonable adjustments and Special Considerations are available for all assessments, irrespective of whether they are internally or externally set. Where a learner or group of learners may not be able to access the assessment without Reasonable Adjustments, centres should ensure that they apply in good time for relevant reasonable adjustments to be made, using the [AIM Qualifications Reasonable Adjustments and Special Considerations Policy](#) which gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty without compromising the achievement of the assessment criteria.

Section 4 – Operational guidance

Offering this qualification

Centres wishing to offer this qualification must be an AIM recognised centre.

New centres can apply to become a centre using the centre recognition application process on our website: www.aim-group.org.uk.

We can advise centres of the best and most efficient methods for offering this qualification.

All procedures for the use of this qualification, including approval, registration of learners, verification and certification will be completed through AIM and all centres will have an allocated customer experience advisor to support them.

Approval to offer qualifications

Centres wishing to offer this qualification must complete and submit a qualification approval request. [This can be found on the AIM website when choosing a qualification.](#) Some qualifications require centres to have specific resources in place and/or their assessors/internal verifiers should hold certain qualifications. Where this is the case, centres must provide evidence of resources/staff qualifications when completing the Qualification Approval request.

Registration and certification

Once your centre has approval to offer a qualification, you will be able to register learners to these qualifications via our Quartzweb portal, at this point you can also select their chosen components. Please ensure that learners are registered against the correct qualification and are aware of the rules of combination required to achieve the qualification.

For all registration and certification processes, please refer to the Quartzweb guidance document which can be downloaded from our website's [centre handbooks and forms page](#). Details of assessment, internal verification and external verification can be found in the [AIM Qualifications: Assessment Handbook](#).

Learners achieving a qualification will be issued with a qualification certificate detailing the achieved qualification and components. Learners who have not achieved a qualification will, on request, be issued with a component certificate detailing the components achieved.

Section 5 – Appendices and links

Appendices and links

Command verbs

Level 1	
Compare	Looking at similarities and differences.
Demonstrate	Complete a practical task or activity to show competence.
Describe	Write or speak about the topic or activity.
Give (an example of...)	Provide relevant examples for the topic.
Give ways	Provide information about how to support the topic.
Identify	List or name the main points
Illustrate	Give clear information with examples (e.g. spoken, written, pictures, diagrams etc)
List	State or make a list of items, words, statements or comments
Outline	Identify briefly the main points
State	Give the main points in brief, clear sentences
Summarise	Briefly present the main points

All levels

Calculate	Work out a numerical problem, showing how they arrived at their answer.
