Level 3 Award in Understanding the Principles  
and Practices of Assessment  
Qualification Number: 603/3457/5

## Qualification Overview

**Title:** AIM Qualifications Level 3 Award in Understanding the Principles and Practices of Assessment

**Qualification Number:** 603/3457/5

**Level:** Level 3

**Credit Value:** 3 credits

**Guided Learning Hours:** 24 hours

**Total Qualification Time:** 30 hours

**Qualification Objective:** This qualification is designed to enable learners to:

- Prepare assessments of vocational skills, knowledge and understanding.
- Maintain records of the assessment of vocational skills.
- Gain an understanding of the principles and practices of assessment.

It will equip learners with the knowledge required to support the vocational workplace as an assessor within their place of employment within industry or educational organisations. Through achieving this qualification, it will enable organisations and staff to assess and develop its current and future workforce.

**Progression Routes:** This qualification is suitable for those who already work within the workplace and wish to understand the role of as Assessor and complete a higher level of study. It will also enable learners who complete this qualification to progress to further study onto the other AIM Qualifications Level 3 Awards within the Assessor Suite, and the Level 3 Certificate in Assessing Vocational Assessment. Learners may also wish to add this qualification to their teaching qualification.

**Entry requirements:** Learners must hold a qualification related to the area of assessment. Learners must have knowledge, skills and understanding of the area they intend to assess, and the learners they may assess in the future.

The are no specific access requirement for this qualification, except learners must be a minimum of 19 years of age.

**Assessment method(s):** Assessment is through a Portfolio of Evidence/Workbook.

This qualification is withdrawn as of 31/10/2025, the final certification date is 31/10/2028

## How is the qualification assessed?

The assessment process is as follows:

### Internal Assessment by Portfolio of Evidence

Where the assessment method for the qualification is by internally set assessments (Portfolio of Evidence), then centres are free to devise their own assessments for the qualification/unit.

- All assessments should be designed in such a way as to minimise the requirement for Reasonable Adjustments to be made.
- Centre devised assessments must allow learners to meet all of the requirements of the assessment criteria for each unit. Assessments must not require learners to produce evidence above and beyond that stipulated in the Assessment Criteria.
- Centres must then have these assessments approved by their IQA.

When devising assessments, centres may choose from a range of assessment methods but where assessment guidance is provided within a unit this must be adhered to unless otherwise agreed with Aim Qualifications.

Assessment methods must be valid, fair, reliable and safe leading to authentic, sufficient and current evidence produced by the candidate.

Holistic assessment is good practice wherever possible and permitted by the assessment strategy for the qualification if this exists.

Other guidance and sample documentation is available to recognised centres covering: planning assessment; recording achievement; planning, carrying out and documenting IQA.

### Reasonable Adjustment and Special Considerations

Reasonable adjustments and Special Considerations are available for all assessments, irrespective of whether they are internally or externally set.

Where a learner or group of learners may not be able to access the assessment without Reasonable Adjustments, centres should ensure that they apply in good time for relevant reasonable adjustments to be made, using the AIM Qualifications [Reasonable Adjustments and Special Considerations Policy](#) which gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty without compromising the achievement of the assessment criteria.

## Qualification size

### About the RQF

The Regulated Qualifications Framework (RQF) provides a single, simple system for cataloguing all qualifications regulated by Ofqual. Qualifications are indexed by their level and size.

Levels indicate the difficulty and complexity of the knowledge and skills associated with any qualification. There are eight levels supported by three “entry levels”.

Size refers to the estimated total amount of time it could typically take to study and be assessed for a qualification. Size is expressed in term of Total Qualification Time (TQT). The part of the TQT spent being taught or supervised is known as Guided Learning Hours (GLH).

### Guided Learning Hours (GLH)

GLH are defined as the time a learner spends being taught or instructed by – or otherwise participating in education or training under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training. This includes guidance or supervision time:

- a) With the simultaneous physical presence of the learner and that person, or
- b) Remotely by means of simultaneous electronic communication.

It does not include the number of hours a learner spends in preparation, study or any other form of participation in education or training, including assessment, which takes place as directed by – but not under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training.

### Total Qualification Time (TQT)

TQT is comprised of the following two elements:

- a) The number of hours which an awarding organisation has assigned to a qualification for Guided Learning, and
- b) An estimate of the number of hours a learner will reasonably be likely to spend in preparation, study or other form of participation in education or training, including assessment, which takes place as directed by – but unlike Guided Learning, not under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training.
