Level 3 Certificate in Canine Nutrition

Qualification Number: 610/1312/2

Qualification Overview

Title:	AIM Qualifications Level 3 Certificate in Canine Nutrition
Qualification Number:	610/1312/2
Level:	Level 3
Credit Value:	16 credits
Guided Learning Hours:	140 hours
Total Qualification Time:	160 hours
Qualification Objective:	<p>This qualification has been designed to give learners the understanding of canine nutrition, feeding regimes and the impact of diet on animal health and behaviour. This qualification is suitable for those need to develop an awareness of Prevent Duty and can then progress to a deeper understanding. It has been designed to give learners the knowledge and understanding relating to canine nutrition and diet. Learners will understand a range of appropriate diets and be able to assess their nutritional composition. They will be able to understand how diets and their content can affect canine health and behaviour and recognise the impact of how toxic foods and supplements have on the species.</p>
Progression Routes:	<p>Learners wishing to increase knowledge and understanding relating to canine nutrition and feeding. Ideal for learners who are already working in the animal care industry to enhance their understanding and for dog owner's. Learners could progress onto another Level 3 or Level 4 qualification in this related subject area</p>
Entry requirements:	<p>There are no entry requirements for this qualification, except for a minimum age of 16.</p>
Assessment method(s):	<p>Assessment is through a Portfolio of Evidence/Workbook.</p>

How is the qualification assessed?

The assessment process is as follows:

Internal Assessment by Portfolio of Evidence

Where the assessment method for the qualification is by internally set assessments (Portfolio of Evidence), then centres are free to devise their own assessments for the qualification/unit.

- All assessments should be designed in such a way as to minimise the requirement for Reasonable Adjustments to be made.
- Centre devised assessments must allow learners to meet all of the requirements of the assessment criteria for each unit. Assessments must not require learners to produce evidence above and beyond that stipulated in the Assessment Criteria.
- Centres must then have these assessments approved by their IQA.

When devising assessments, centres may choose from a range of assessment methods but where assessment guidance is provided within a unit this must be adhered to unless otherwise agreed with Aim Qualifications.

Assessment methods must be valid, fair, reliable and safe leading to authentic, sufficient and current evidence produced by the candidate.

Holistic assessment is good practice wherever possible and permitted by the assessment strategy for the qualification if this exists.

Other guidance and sample documentation is available to recognised centres covering: planning assessment; recording achievement; planning, carrying out and documenting IQA.

Reasonable Adjustment and Special Considerations

Reasonable adjustments and Special Considerations are available for all assessments, irrespective of whether they are internally or externally set.

Where a learner or group of learners may not be able to access the assessment without Reasonable Adjustments, centres should ensure that they apply in good time for relevant reasonable adjustments to be made, using the AIM Qualifications [Reasonable Adjustments and Special Considerations Policy](#) which gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty without compromising the achievement of the assessment criteria.

Qualification size

About the RQF

The Regulated Qualifications Framework (RQF) provides a single, simple system for cataloguing all qualifications regulated by Ofqual. Qualifications are indexed by their level and size.

Levels indicate the difficulty and complexity of the knowledge and skills associated with any qualification. There are eight levels supported by three “entry levels”.

Size refers to the estimated total amount of time it could typically take to study and be assessed for a qualification. Size is expressed in term of Total Qualification Time (TQT). The part of the TQT spent being taught or supervised is known as Guided Learning Hours (GLH).

Guided Learning Hours (GLH)

GLH are defined as the time a learner spends being taught or instructed by – or otherwise participating in education or training under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training. This includes guidance or supervision time:

- a) With the simultaneous physical presence of the learner and that person, or
- b) Remotely by means of simultaneous electronic communication.

It does not include the number of hours a learner spends in preparation, study or any other form of participation in education or training, including assessment, which takes place as directed by – but not under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training.

Total Qualification Time (TQT)

TQT is comprised of the following two elements:

- a) The number of hours which an awarding organisation has assigned to a qualification for Guided Learning, and
- b) An estimate of the number of hours a learner will reasonably be likely to spend in preparation, study or other form of participation in education or training, including assessment, which takes place as directed by – but unlike Guided Learning, not under the immediate guidance or supervision of – a lecturer, supervisor, tutor or other appropriate provider of education or training.

Rules of Combination and level for this qualification

To achieve the AIM Qualifications Level 3 Certificate in Canine Nutrition, learners must achieve the **16** credits from the Mandatory unit group.

There are no **Optional** units for this qualification.

Mandatory Group M

Title	Level	Credit	GLH	TQT	Unit code	Unit reference number
Canine Nutrition and Feeding	3	5	40	50	SP2/3/NQ/012	R/650/3523
Canine Nutritional Needs	3	6	55	60	SP2/3/NQ/013	M/650/3522
The Effect of Diet on Canine Health and Behaviour	3	5	45	50	SP2/3/NQ/014	T/650/3524

Level Descriptors

Units are assigned a level based on current RQF guidance issued by Ofqual.

Level	Knowledge Descriptor (the holder...)	Skills Descriptor (the holder can...)
Level 3	<p>Has factual, procedural and theoretical knowledge and understanding of a subject or field of work to complete tasks that while well-defined, may be complex and non-routine.</p> <p>Can interpret and evaluate relevant information and ideas.</p> <p>Is aware of the nature of the area of study or work.</p> <p>Is aware of different perspectives or approaches within the area of study or work.</p>	<p>Identify, select and use appropriate cognitive and practical skills, methods and procedures to address problems that while well-defined, may be complex and non-routine.</p> <p>Use appropriate investigation to inform actions.</p> <p>Review how effective methods and actions have been.</p>

Requirements to deliver the qualification

To offer this qualification, centres must ensure that tutors: hold or are working towards:

- A Level 3 in Education and Training or its equivalent for example TAQA.
- A recognised Level 3 qualification in a Veterinary/Animal profession.

And have:

- Relevant recent experience working in the animal care, animal nursing or animal welfare field.

Centres must also ensure that they have in place an Internal Quality Assurance person who:

- Holds or is working towards a Level 4 Award in Internal Quality Assurance of Assessment Processes and Practices or its equivalent.
- Has substantial experience of working in or assessing qualifications in animal care.
- Is familiar with the assessment requirements of the qualification for which they are the Internal Quality Assurer.

Support for centres

AIM Qualifications provide all of our centres with on-going support and advice on the use of AIM Qualifications units and qualifications, including the requirements for assessment.

Centre responsibilities

Each centre should identify a centre contact who will be responsible for:

- ensuring that the centre meets all the AIM Qualifications requirements for centre recognition and adheres to all [policies and procedures](#).
- AIM Qualifications provision within the centre
- ensuring all procedures relating to the delivery of the qualification operate effectively in the centre
- ensuring all relevant AIM Qualifications documentation is distributed as required within the centre and that the security requirements for external assessment are adhered to, where applicable.

The information provided in this qualification specification is accurate at the time of publication but is subject to change. AIM Qualifications will occasionally update qualification information, so please refer to the 'AIM Qualifications' page of our website to view any updates, including qualification end dates and the latest versions of our qualification specifications.
